

Regarding our dog's training at The Dog Training Company, my husband and I could not be happier.

This training saved our lives. I was eight months pregnant and at my wit's end with our one and a half year old Golden Retriever, Coco. While Coco was the love of our lives, she was unmanageable and disobedient much of the time. I had attempted previous training with her that was unsuccessful and I was terrified of managing a newborn baby at the same time as Coco.

After completing the training we saw an immediate difference in Coco. We could not believe she was the same dog!! She actually obeys when we call her in from the backyard, a feat I did not think any training could accomplish!

I cannot thank Susan and Ron enough—without them we may have had to give Coco away. Now she is a vital part of our family and she is wonderful around the baby. Coco is a joy and a pleasure to be around, whereas before this training I avoided being home in my house because she was so exhausting to be with! I would be thrilled to speak to anyone about our experiences with the Dog Training Company and we endorse them 100%.

Sincerely,
Felice & Coco the Golden
